A QUOTE TO LIVE BY AND QUOTES OF 09'

"Our deepest fear is not that we are inadequate. Our deepest fear is that we are powerful beyond measure. It is our light, not our darkness that most frightens us. We ask ourselves, Who am I to be brilliant, gorgeous, talented, fabulous? Actually, who are you not to be? You are a child of God. Your playing small does not serve the world. There is nothing enlightened about shrinking so that other people won't feel insecure around you. We are all meant to shine, as children do. We were born to make manifest the glory of God that is within us. It's not just in some of us; it's in everyone. And as we let our own light shine, we unconsciously give other people permission to do the same. As we are liberated from our own fear, our presence automatically liberates others."

- Nelson Mandela

" We seen the graduates of 06', 07', and 08' but there isn't a better kind than the graduates of 09'"

"I don't care what you say about the rest, class of 09' is the best"

"We're smart, we shine, what can we say we're the class of 09'"
